Equipment Type

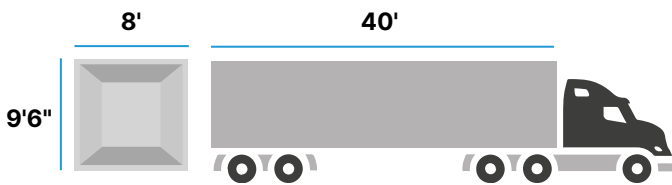

Dimensions

40' container

Exterior (feet): **40' long x 8' wide x 8' 6" high**
 Exterior (meters): **12.19m long x 2.44m wide x 2.59m high**
 Interior (feet): **39' 6" long x 7' 9" wide x 7' 10" high**
 Internal (meters): **12.025m long x 2.352m wide x 2.393m high**
 Usable Capacity: **67.7m³**

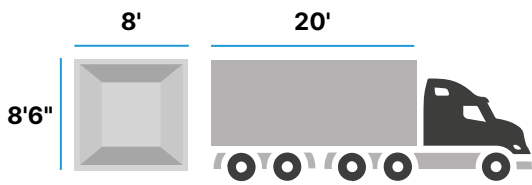

The base of a 40-foot container can hold 21 pallets

40' high cube container

Exterior (feet): **40' long x 8' wide x 9' 6" high**
 Exterior (meters): **12.19m long x 2.44m wide x 2.99m high**
 Interior (feet): **39' 6" long x 7' 9" wide x 8' 10" high**
 Internal (meters): **12.025m long x 2.352m wide x 2.585m high**
 Usable Capacity: **76m³**

The base of a 40-foot high cube container can hold 21 pallets

20' container

Exterior (feet): **20' long x 8' wide x 8' 6" high**
 Exterior (meters): **6.10m long x 2.44m wide x 2.59m high**
 Interior (feet): **19' 4" long x 7' 9" wide x 7' 10" high**
 Internal (meters): **5.898m long x 2.352m wide x 2.393m high**
 Usable Capacity: **32.6m³**

The base of a 20-foot container can hold 10 pallets

LTL:

Up to 12 Feet

Up to 6 Skid Sports

48" x 48" x 48"

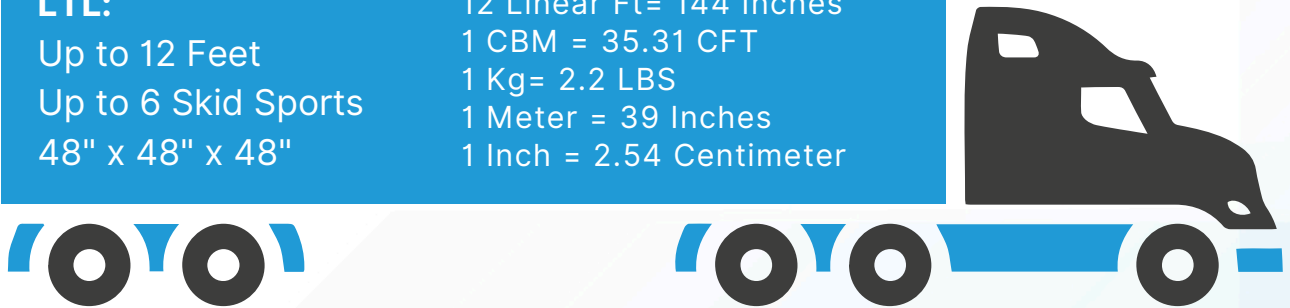

12 Linear Ft= 144 Inches

1 CBM = 35.31 CFT

1 Kg= 2.2 LBS

1 Meter = 39 Inches

1 Inch = 2.54 Centimeter

- ▶ Pallets must be no taller than 48" tall to be considered stackable.
- ▶ Pallets will not be stacked if there is any marking on the freight stating "Do Not Stack."
- ▶ Overlength: Applies to any one piece exceeding 8 feet (243.84 cm) in length and NOT exceeding 48 in (121.92cm) in width and height.
- ▶ Linear Foot rule: Applies to any shipment of multiple pieces that exceeds 144x96x96 inches (365.76x243.84x243.84 cm) in total.
- ▶ Shipments over 12 linear feet will need to be rated as a volume/full truck load by info@intlfreight.net.
